

## 2 Day Google Extravaganza for Educators

### Day 1

	Room 3 - Valerie	Room 16 - Julie	Room 15 - Mae	Room 14 - Matt
9:00-11:30	Staying Classy with Google Classrooms (Beginning)	Harness the Power of Google Research (Intermediate)	Get Creative: Shine with Google Slides (Advanced)	Training for Level 1 Google Educator Certification (Advanced)
11:30-12:00	Lunch	Lunch	Lunch	Lunch
12:00-2:30	Getting Googly with Forms and Assessments (Beginning)	Making Digital Breakouts with Google Apps (Intermediate)	Google CS First (Advanced)	Training for Level 1 Google Educator Certification (Advanced)

### Day 2

	Room 3 - Valerie	Room 16 - Julie	Room 15 - Mae	Room 14 - Matt
9:00-11:30	Staying Classy with Google Classrooms (Beginning)	Harness the Power of Google Research (Intermediate)	Get Creative: Shine with Google Slides (Advanced)	Training for Level 1 Google Educator Certification (Advanced)
11:30-12:00	Lunch	Lunch	Lunch	Lunch
12:00-2:30	Getting Googly with Forms and Assessments (Beginning)	Making Digital Breakouts with Google Apps (Intermediate)	Google CS First (Advanced)	Level 1 Google Certification Test 180 minutes 12:00-3:00

## **Google Classroom - Staying Classy With Google Classrooms**

*Presenter – Val Sanguinetti*

Help yourself, help your students...start using Google Classroom! Set up your classrooms and see how you can utilize technology to aid organization, assist communication and benefit your lessons. Begin the journey with Google Classroom and see how it can enhance your instruction!

## **Harness the Power of Google Research (Keep, Scholar, etc.)**

*Presenter – Julie Lay*

Everyone knows how to use Google to conduct research, right? Wrong! There's a lot more to using this popular search engine than most people know. Mastering internet research skills is a must for today's educators and students. Learn simple strategies that will streamline research and improve search results. These search strategies are especially important to successful academic research for educators and students.

## **Get Creative: Shine with Google Slides**

*Presenter – Mae Scott*

Google Slides Can Do What? With Google Slides, you can build presentations right in your web browser—no special software is required. Google Slides is an online presentation app that allows you to easily collaborate and share presentations that include text, photos, audio or video files. Even better, multiple people can work on slides at the same time, you can see people's changes as they make them, and every change is automatically saved. In addition, learn how to create interactive worksheets.

## **Making Digital Breakouts with Google Apps**

*Presenter – Julie Lay*

Escape! This Room Using only Google Tools!! Breakouts are huge right now, but can also be a bit intimidating to create and implement. A digital breakout is the perfect solution. Come learn how to make subject relevant breakouts that engage learners and encourage team building.

## **Getting Googly with Forms & Assessments**

*Presenter – Valerie Sanguinetti*

At the most basic level, Google Forms can be used to collect information from your students in your classrooms, teachers in your buildings, and maybe parents of your students. It can also analyze and automatically grade student data for formative and summative assessments.

## **Google CS First**

*Presenter – Mae Scott*

In this hands-on session, teachers will learn how to use CS First, Google's free ready-to-teach introductory computer science curriculum. CS First enables kids to be creators of technology. Come join this session and review the CS First curriculum and test drive a CS First class from a student and teacher perspective.

## **Google Certification Training to Prepare for the Level 1 Google Certification Test**

*Presenter – Matt Weld*

### **Day 1**

AM – Intro to Test (what to expect, theory behind Google, Digital Citizenship)

PM – Collaboration Tools (Docs, Sheets, Forms, Slides, Drawings)

## **Google Certification Training to Prepare for the Level 1 Google Certification Test**

*Presenter – Matt Weld*

### **Day 2**

AM – Non-GSuite (Chrome, Google, YouTube, Google Maps/Earth, Blogger) PM

- Level 1 Google Certification Test – 180 minutes of testing (12:00-3:00)
